“ Next door neighbor and such a great guy. I remember seeing you at work at MD working in the F-4 wing line and if i needed information on the wing I would stop by to consult you. You and my brother had been in the Korean War; Paul was army in the combat zone. My dad enjoyed the over the fence conversations usually after cutting the endless grass.

“ Dad,
Despite all of the challenges you faced growing up, you did so good. You accomplished so much in your life time. Thank you for being so strong, and teaching me to be strong, too.

I hope the garden in heaven meets your expectations. I'm sure you are teaching them a thing or two about that.

I love and miss you, but find comfort in knowing that I will see you again some day, and that you are at peace All my love,

Sheree

“ Grandpa, words cannot express how I feel knowing you are gone. Walking into your house and not seeing you there or hearing "Hi ya sweetie" breaks my heart, but, I know you're in a better place and probably already living it up and no doubt making someone laugh. And that puts me at ease. You did so much for me growing up I practically lived at your house when I was younger. I'll never forget you taking me to the park, sledding, chasing you with a water gun and squirting you on your butt haha, wrestling, you teaching me to play pool, and our trips to McDonald's every Wednesday after school. There's just too many things to name. I will always think about you and miss you. I'm so glad that you got to spend the time you had with Layla also. I know you loved her so much and she sure loved you too. Especially when you would sing to her. I could of never asked for a better Grandpa than you were. Words can't even describe it. I love you so much. Rest in peace, we will see each other again one day.

“ My deepest sympathies to the family. I did not know Edward but I know Sheree (his daughter). She loved him very much and talked about him all the time. I am glad she got to spend time with him before his passing. I am sure that he was as wonderful as she said. To the family..may god wrap his arms around each of you and hold you close. We thank god that is not suffering. We thank the Lord that he got to see one more Christmas. May god be with you in this time of need. Please know that I am thinking of you all.

“ Vivian, we are so sorry for you and your family. We haven't seen you for years, but we have never forgotten you and your family. Memories flood back of Ed and Chuck playing softball and you and I going to the games with our little girls. Those were fun years.

Sincerely, Chuck and Mary Faigle

“ Thank you, Dad, for all of the things you were. Thank you for teaching me how to have fun, for being just who you were, for my wonderful sisters. Thank you for taking care of all of us, for loving us, for being there. I really don't know what we will do without you. There is just such a big void right now. Mom is so missing you, too. I don't know how we will get by without you. You are the first person I will look for in heaven, Dad. We just miss you so much. Love you, will think of you every day, will miss you every day, will need you every day. I always have. Pat loved you, too. We will sure miss our card games.

“ I have so many fun memories of my Uncle Ed. I will treasure them all. He was always so supportive of my art and I loved sharing my latest work with him. Life got busy for me and time slipped away from us as I got older, but we could always pick up where we left off. He reminded me so much of my Dad in his characteristics, and his smile always had a way of lighting up the room. He was my Dad's closest brother in age and I know that Uncle Ed always looked after him when they were growing up. I know it broke his heart that his little brother passed before him. There was definitely a bond between them and I can bet that they are up there together laughing about something. I will miss my Uncle Ed's unique ways of story telling and I am so grateful that I have so many treasured memories between us. Rest in peace Uncle Ed. You will be missed and you were so loved by all of us.

With all my heart,

Lynne

“ This memory goes way back...Uncle Rich and I took Grandma grocery shopping and Ed offered to babysit. I guess your Dad got tired of chasing {little} Rich around. When we got back, Rich was stretched out as far as he could go with Ed holding onto Rich's ankle and Ed was stretched out in a similar manner. They were both fast asleep!!!
