“ My deepest sympathies to Gary's family. I knew Gary as I was growing up due to I was a friend of Diane's, his sister. He was always nice and friendly towards me whenever I saw him. I was friends for several years with Diane so knew him back then for quite awhile. I last saw him at their mom's funeral and he still remembered me. RIP Gary and may God comfort and keep his family always.

“ Growing up, I have many good memories of Gary. He had a good sense of humor and me being a child, he always treated me well. I know he was especially supportive and proud of his family. My condolences to Gary's family during this difficult time.

“ Gary was my next door neighbor and also one of my dearest friends. I will have great memories of him and his dedication to his family and friends. We would take turns buying each other Blizzards, he really liked them ! I was very fortunate to have him in my life and I will miss him so very much. There is a special place for him in heaven now.
