“ I know she died back in 2020 but I was thinking about the past residents i've come across in the nursing homes Ive worked for. I wondered if Barb was still alive and searched her name on google and unfortunately came across this. I knew Barb when she was a resident at NHC Town and Country nursing home. I worked in activities. She was such a kind sweet woman. She was one of my favorite residents. I have so many good memories of her. I remember how much she loved crocheting. She even made stuff for her grandkids if I remember correctly. She also loved and I mean loved BINGO. She enjoyed getting fresh air, attending the live entertainment, the ice cream social, and so much more. Even though she died quite some time ago I still offer my condolences to her family. May her memory continue to be a blessing. May she continue to Rest In Peace.
