“ *Bill has been my brother-in-law for more than 50 years. We haven't been close in distance for several years, but he has always had a special place in my heart. I will never forget the good days spent together with our kids. We can't get those days back, but we still have the memories of fun times spent together. Prayers and condolences to Pat, Kenny and Brooke, Donna and family. Much love to you all.*

“ *I was deeply touched when Pat called and told me Billy had passed away and could we handle the service. I've known Billy almost 50 yrs. The memories are to many to mention. He was definitely one of the good ole boys. Rest in peace my friend. You will be missed.*
