My young grandson was one of the lights in my life. He was always loving, giving me hugs and told me every time I saw him that he loved me. My heart is broken. I know he is looking down from heaven. When my time comes he will be there to greet me and take me by my hand. Until then he will be so very missed. Love you always, Grandma Ellen.

Your people like your son and niece Brandy lied to the police and even Kevin's girlfriend put her 2 cents into the questioning with the police and she wasn't even there when Chad came over to your place and this was around after midnight and Kevin gave my son a ride to get drugs and Kevin got some from my son for giving him a ride and also my son was very suicidal and didn't want to be alone the same thing he told Brandy when he tried to reach out to her and she told him to go over to Kevin's and my poor son was cold and hungry and really didn't want to go over there because he felt like if he was in a better environment then his temptation for drugs wouldn't be as easy to get without a ride and that's why he wanted to be around people because he was really planning suicide and he even tried to call me around 2:30 am by then he was at Kevin's because Brandy wouldn't take him in and help him what a wonderful sister huh because I was in the hospital in the ICU in the hospital when he tried to call me and I was going in and out of consciousness from a brain injury and nobody not even my family knew right away. I really wish I could have answered his phone call because if he knew my situation he would have found a ride to me he was a momma's boy. I hope this shit affects Brandy for the rest of her life. She is an alcoholic and pops adderall too. I know when she's been drinking because she gets crazy on the phone and other people have told me too and plus her father Keith was a full fledged drunk and when I first met Brandy she was on heroin and would go to stores to steal baby clothes to sell to try to support her habit plus she was a thief she stole money out of my purse and it was my last \$20 and at that time I had a 4 yr old daughter and was pregnant with my son at the time

Brandy was buck wild for only 16 yrs old but she hasn't changed as far as getting boozed up and still lies and loves to start drama for a fact. She had my son's head all twisted over his kids and spread lying horrible rumors about me which she has no proof of and I don't have any reasons to lie I'm 50 yrs old. I'm too old for that shit
