“ Always considered my friend Chuck as my best friend from age 13 until now! We were always trying to have fun as we both grew older! This page cannot hold all of my memories of my friend! My mind and my heart are for the better for having been blessed with such a friend! He was like my brother. We both got married and we didn't see each other as much as when we were younger, but when we did get together we would always reminisce about back in the day, and we would both get so much joy out of the memories! Man did we have a history together! I will miss him so much, but i know he is in a better place now! I'm sure we will see each other again! Love you Chuck, your friend Kenny Helderle

“ To know Chuck was to love Chuck. I have memories of him that span back to my earliest childhood and all of them are fond and treasured. You will be missed old buddy. I hope you have found peace. Carl please save a spot in that whiffleball game for me. Or maybe we could play some hockey at the top of the street. I'd give a hefty sum to time travel back to those simpler times. Prayers to all the Shinabargers from the Williams family.
