“ *Being a sibling and not properly informed of what was going on, I didn't understand why my oldest brother didn't get our fathers flag. If there are no spouses the next in line would of been the eldest child. Instead it was given to a niece. I was also disappointed that my brother was asked to get up. If anyone had the right to those chairs it was us surviving children. Being handicapped and a daughter and told I could stay in my seat was very ignorant and rude. I would however, like to thank Valhalla Administration for a very nice service. My family is very thankful.*
