“ Just heard about Gean ohs passing, he was a good guy. Best story of him and I. I loaned him my rental car to go pick up a hooker. He brought it back on time, clean and full of gas. Will be missed and never forgotten.

“ I was honored enough to spend Gene last moments here on earth. The last time I saw him before I walked out of his room, with him being so tired of the fight and he did fight, he winked at me. I will never forget that! Gene was my buddy and I will forever cherish his friendship!

Floyd Uthe

I have known Gene and his family pretty much all my life. My Mom used to babysit Gene and his brothers and sisters when they were kids. I worked with Gene several years at Marquitz Motors and over the years, we spent many memorable times in conversation about Automobiles, Allis Chalmers, Politics, Our parents and The Good Ole' Days. Gene really did care about people. The first words out of his mouth, every time I seen him, were "How's your Mom Doing?". Yet, his most honorable trait, I feel, was that it didn't matter if you were poor and homeless or you wore a suit with \$500 dollar Italian shoes, you were no less or better than the other. He treated everyone the same. I will miss him more than anyone knows. My deepest heartfelt condolences to Junior, Lynda, Floyd and all the family.
