“ Cappy was the brother of my best friend. He was truly a family man. He was also a decent loving caring person. He never met a stranger and he and his wife opened their home to many over the years. He loved animals as much as people. I was privileged to know him as a friend. Rest my friend peacefully❤️

“ To my sweet Uncle Cappy, I loved you more than life itself..You and Aunt Pat were such an important part of my life and things will never be the same without your bright light in this world. I will never forget how much we laughed together (even though it was usually at my expense) and how you truly loved me. Fly high my dear Uncle ❤️

“ To my Uncle Cappy, if any young man ever needed a true loving and caring mentor you would be at the top of the list, I will always cherish the memories of you going out of your way, which was often, to come and pick me up to take me hunting, and no matter what you where always there when I needed you, but then again, you where always there when anyone needed you, I will miss you very much and always think of you and always love you, I know you are with Aunt Pat again, may your children, grand children, great grand children and all of the many others that love you find peace,
