“ *I had the best Grandma. Time spent at her house was filled with love and laughter. When I was little she would read stories to me or rub my legs to make me feel better.*

*I will miss my grandma dearly. I have so many wonderful memories of time spent with her. She taught me how to play card games. She introduced me to croutons. I don't know why but that's what I always asked for when I visited her when I was a kid. I loved sitting on her swing and playing in her yard. I share two great things with her: my love for family and my love for Christmas. Her house was always so magical at christmas. I will miss her beautifully decorated sun porch. I will proudly carry on that tradition in my own home. I love her and will keep her with me, always!*

*So sad to see my good friend & neighbor go. She was always there for me to listen to my problems and me hers. I always made her laugh. We watched many, many movies together in the 18 years we shared together. She kept her home in tip top shape, once I got there almost daily, I got really comfortable & didn't want to go home. She & her family adopted me & I was invited to all her family gatherings & Christmas & Thanksgiving were the best. I will miss her terribly. Love you Jo Ann, RIP*

*Mother is a title that is earned not just given and earn it she did. She was a great Mother! She loved not only her family but many, many others. Even though at times we did not always agree, whether it because I was too much like her or maybe not like her at all who knows, there was always a great bond between us. Growing up our house was the neighborhood house and I was proud that when I had my family my house became the neighborhood house. So many memories! So much food! So much love! I love you Mother!*
