“ I work in activities at the nursing home Josefina resided at. It was an absolute pleasure to know her for the 3 years I did. She was smart, funny, energetic, and loved to do so many things especially art. She loved doing art and she was very good at it. The thing about Josefina that always impressed me was her ability to play the piano without any sheet music. I have so many fond memories of her and I loved her dearly. She'll be deeply missed. My deepest condolences to Dr. Glaser and the rest of the family. Josefina is in a better place. May her memory be a blessing. May she rest in peace.
