“ *I worked part time with Margaret, Azlee daughter when we're teenagers, Arbry and Azlee took me with them on a California vacation. I also worked at Bussmann after graduating from High School. Margaret and I was each other's wedding. My husband and I moved around the corner from each other and they would let me ride with them to work.  
After years gone by we did things together. Arbry and Azlee would come by work after they retired and we would eat lunch together and always had good time visiting.  
Always remember them and the good times together.*
