“ I would like to send condolences to the family. We've lost a good friend!

*My special memory came years ago when Michael was my appreciated home handy man. In the course of time my plain square wooden deck needed some repairs.*

*Rather than a plain patch job I got a landscaping magazine & tore out a picture of a fancy deck with octagon corners on the yard side & a wide staircase that ran all across that side of the deck. When I handed the picture to Michael & asked him if he could do my deck like the picture he calmly said “yes” & proceeded to construct it as pictured! He truly was that Handy Man that could do anything!!! 😊*
