“ I also met Pat through us both being RNs. She was my first boss, but so much more. We both moved to Barnes West County in 1995 and shared a supervisor position. She taught me so much as a new nurse and we shared so much as cohearts and friends. She had that beautiful brown hair till the day she died as the rest of us became grey. She looked the same for the 43 years we were friends. Not a week went by that we didn't talk on the phone even during Covid when we were semi isolated. I will miss her terribly as will so many of her friends. Not a day goes by that I don't think of her. Judy Crow

“ To Pat's family....I worked with your mother for 18 years & considered her one of my dearest friends. She was so good at her job - it was a delight to see her smiling face on the nights we both worked. While neither of us were getting any younger, Pat always looked like she never had a birthday. Her passing was such a shock. Please know many people loved your mother - you have my deepest sympathy. Mary Simons

I also remember it poured down rain while we were in town and when we returned everything was drenched...when we got home, the camping gear was sold and we never went camping again! LOL!!
