“ *I love my Uncle Robert he was my favorite uncle a funny story when I was 4 years old he taught me how to ride a bike and he asked me did I want the training wheels on and I said yes so 5 minutes later I asked him can he take the training wheels off so he said yes 3 minutes later I said can you put the training wheel back on he said I'm not going to keep putting this damn training wheel on and off wheel on and off on and off on and off right then & there I learned how to ride a bike without training wheels 😂😂😂 Uncle Robert I'm going to miss you I love you you done so much for me in my life you taught me how to drive a stick shift you bought my class high School class graduation ring man it's hard it's hard not being able to see you no more but we will make it through because God blessed you to a great age of 84 I love you and miss you and you will never ever ever be forgotten not only you are in our hearts but you are also in our minds love you UNC rest in peace*
