“ I was very saddened to hear of Terry's passing. I have only the fondest of memories of Terry as a friend and neighbor. I wish I had the opportunity to spend more time getting to know Terry. In the too few long conversations we did have, his love for Gayle and the pride he expressed regarding his sons was always apparent.

*The Melvin family offer our sincere condolences to Gayle, Spencer, Cameron. We miss those days of playing hockey in the street with the boys.*

*I am so sorry to hear about Terry's passing. I have fond memories of playing baseball with him during our growing up years in Grandview. He was a fellow classmate and teammate on our high school baseball team—the best clutch hitter on our team. Terry just e-mailed me a very special Happy Birthday greeting earlier this month. I asked him in my e-mail response how he remembered my birthday after having graduated from high school nearly 51 years ago and he responded, "Easy. You are a groundhog, having been born on Groundhog's Day!" His sense of humor was always very much appreciated. Dave Neff*

I can hear Terry's laugh as I'm typing...May your memories of him give you strength in this sad time!*
