“ I’ve known Tim for many years and we hiked together many times. We had only been chatting via Facebook these last years and it saddens me to hear of his death now. Only because I hadn’t seen a post from him and a reply from my messages did I google his name and discovered his passing. He was a unique person and he will be missed. I’m left wondering how he passed and how many of his friends know?

We wetr Tim's neighbors in Soulard. He was a hoot! On rare Saturday mornings he would blast superb music to the entire building as a wake up comcert. No one complained. We just started our day enriched and thankful and tolerant that a hangover was not our first thought. Thanks Tim.

“ I worked with Tlim for the past 2 years. He was always open and willing to discuss any topic with anyone. He often shared his love for the outdoors with me. He would show me pictures of places he hiked or rivers his rode his kayak on. He will be missed at the lab by not only me, but all of his coworkers. My condolences go out to all of his loved ones.

“ *I was honored to have Tim working with myself and the team at Deibel Laboratories for the past 3 years. He always had a way of showing us a strong and determined way of doing things. Tim was always upfront and honest about everything and that set him apart from many. My thoughts and prayers go out to his family and friends and he will be greatly missed here at the Lab.*
