“ I'm 71 yrs old and just looked for her on the internet. She was my doctor and delivered both my son's. She was the sweetest and kindest doctor I have ever met. The day she passed the world lost a marvelous human. I truly loved her.

“ Dear Family of Dr. Mehra

I just wanted to let you know what a wonderful mother you had. She was my ob/gyn and delivered both of my children back in the 80's. She not only was my doctor but i considered her a friend. She helped me through the baby blues when they weren't really talked about. She came in on a Saturday for surgery so I wouldn't have to worry about it all weekend. I hadn't seen her in years but thought of her. You have my deepest sympathy.

*Sincerely

I am just one of the many patients of Dr. Mehra but I remember her with gratitude and joy. I appreciated the complete attention she would give me, her quiet competence, and her offers of more than one option for my care.

I was so saddened to hear of Usha's passing. I worked for her for 19 years all of which were wonderful years and also,while being a patient, she was such a kind, compassionate and excellent physician. She will be missed. I wish I could have attended her funeral. My deepest sympathy to Kiren, Neal, Pam and Anita and her entire family and friends. May she Rest In Peace.

I had known Dr. Mehra since 1976. She was a wonderful, compassionate progressive physician and patient advocate. To read of her passing brings unspeakable sadness.
