“ *My wife Karin and I worked with Bill in Santiago de Chile for he construction of Costanera Center Tower, the biggest one in South America.*

The sad news that our friend is no longer with us, will leave a empty place in our hearts that will be hard to fill.

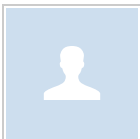

Personally I have to say that Bill was not only an extraordinary engineer and filed guy, he was a very generous person with his knowledge, part of the one I was fortunate to get it from him. He was a great teacher and a fun man to talk. His pretense in Chile changed my profesional and personal life in an awesome ways.

We shared with him and my wife (that on that time we where not married) lots of beers and a chunk of laughs, fights with contractos, and complex problems to solve.

He will be miss..

Adios amigo.

“ G.P. Was the best grandpa I could have asked for. From the countless hours of cards, mahjong, movie time and 6 o'clock dinners every moment was amazing. For every accomplishment, no matter how big or small, he would always be there with a warm congratulations. I miss him so much and love him greatly.

We are sorry to hear about Bill's passing. He and Jackie were our first neighbors when we moved to St. Louis. We all loved music, so we went with them to dinner and the symphony several times each year. They also introduced us to the game of mahjong. Thanks for the memories -- MEMORY ETERNAL.
